

Important Announcement regarding the 2020 Logan View Raider Run

We are very sad and sorry to report that the Logan View Raider Run scheduled for Saturday, August 22, 2020 has been cancelled. Making the decision to cancel this year's event was very difficult. All options were weighed and considered and we thank everyone who helped us work toward arriving at what we believe is the best decision, knowing that our first priority needed to be the safety of our students, staff and participants.

The unique nature of the Logan View Raider Run requires the participation of nearly all the students and a large majority of the staff. In addition, there is great uncertainty around how the 2020/2021 school year would start amid COVID-19 and the many DHM mandates. Considering all the information currently available, we felt there was no choice but to cancel the event for this year. We could not continue to plan for the top-quality event we are accustomed to delivering knowing that the staff and student workers that make this event possible may not be available during the week leading up to the event or for the event itself.

Many people took advantage of the opportunity to register early for this year's Logan View Raider Run and for that we are very grateful. In considering how to handle these registrations, we have decided to offer these options;

1. Carry over your entry to next year's Logan View Raider Run (tentatively scheduled for August 2021)
2. Refund your entry fee (Online registration will be credit card refund. Mail in registration will be refunded with check)
3. Donate your 2020 LVRR entry fee to the Logan View Education Foundation where the money will help pay for scholarships.

****** Registered runners please let us know which option you prefer ******

While the cancelling of the Logan View Raider Run is a setback for the Logan View Education Foundation, the LV Education Foundation will continue to support the Logan View student clubs and organizations that have signed up to work at the LVRR in addition to helping students beyond their high school years through the scholarship program. Students and staff at Logan View are anxiously looking forward to the next school year and the Logan View Education Foundation will be there to help support them. The great people that make up Logan View will continue to rise to meet today's challenges no matter the difficulty. They have adapted and persevered through all that has transpired this past year with an optimistic outlook for the future and the Logan View Education Foundation will be there to support them.

If you would like to help the Logan View Education Foundation continue giving support to our students through a monetary donation, you can do so by visiting <https://loganviewraiderrun.itsyourrace.com/Fundraising.aspx?id=11672>

We thank you very much for your continued interest and participation in the Logan View Raider Run. We are grateful for all our past runners and those who are awaiting another chance to enter the Logan View Raider Run. Like the students and staff at Logan View, we look forward to putting this year behind us and setting our sights to the future with hope and optimism that the next Logan View Raider Run will be the best by far!

Thank you,

Susan Kment & Amy Kremke
Co-Race Directors
